- **Who is someone you admire & why?** Gina, she is a never failing pillar of support for us at summer camp and after school, even when she has many things going on in her life she always has a smile on her face. She works with kids day in and day out and that's not an easy job even more so with kids of her own. That's her passion and her drive. I find her to be incredibly inspiring because nowadays people settle for things instead of going for what they really want.
